

**Update Feb 2008**

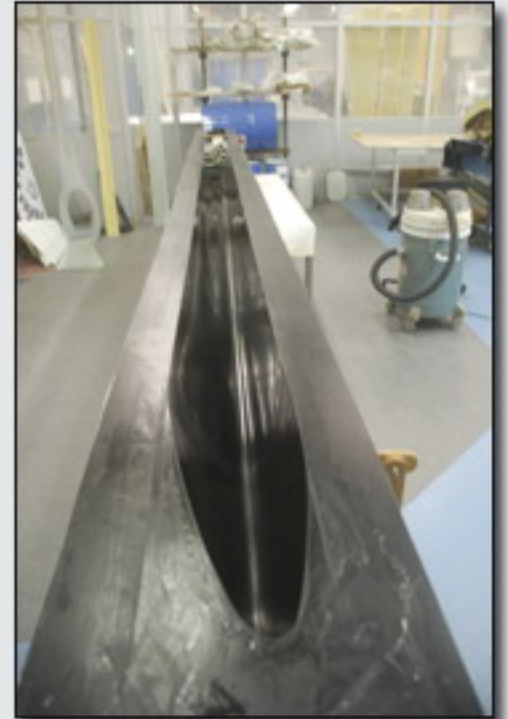

*For the Sirocco "NG"  
we finished the  
tooling for the new  
wings.*

*On these pictures  
we show how we  
are building these  
wings.*

*building the main spar  
and leading edge tooling.*

*Bonding the "leading-  
edge" ribs to the main  
spar.*

*Leading edge and main  
spar joined together.*

*few nice pictures we received*
